The two days of revelry leading into the new year have become one of the most highly anticipated events of the Reschio calendar. The jazz age themed festival, attended by the family and friends of the estate, is marked by glamorous concerts, a casino night, tap dancing, and a host of other captivating highlights. As a prelude to the official commencement of festivities, guests arriving on the 29th are welcome to dine at the Ristorante Alle Scuderie or the Ristorante Al Castello.

30th December 2026

The spirit of the Roaring Twenties comes alive on the first full day of the festival, stirred by enlivening music and celebrations. Walking through the Stable Fair is a feast for the senses. Feather boas, glitter, and flapper dresses adorn the stands, inviting dress up and complete immersion in another era, transformations facilitated by our talented stylists and makeup artists.

Meanwhile, the aromas of delectable street food tempt appetites as live music in the background compels tapping feet and spontaneous dancing. Clairvoyant sessions offer glimpses into what the New Year may hold, while in the Teatro Equestre, Reschio’s Spanish horses captivate audiences with breathtaking dressage performances.

As evening falls, both entertainment and culinary delights continue. A decadent buffet is served at the Ristorante Alle Scuderie before the Tabaccaia’s casinò fills with elegantly dressed revellers sipping cocktails while trying their luck at Blackjack and Poker. Blue smoke curls lazily from freely available cigars and cigarettes, and the first day of celebrations concludes on an unforgettable high note.

The festivities culminate in an unforgettable New Year’s Eve celebration. Against the backdrop of the newly renovated Galleria at the heart of the estate, dinner, drinks, exceptional live jazz, and a mesmerising tap dancing troupe set the scene. DAY-TIME
DRESS CODE

For our daytime gatherings, we invite you to embrace the effortless elegance of the era. Think relaxed vintage tailoring and fabrics that feel light and lovely. This is an invitation to step into the spirit of the period, perhaps evoking an archetype from a classic film: a leisurely artist, a curious explorer, or simply one who appreciates the refined comfort of the time.

Ladies could opt for charming tea-length dresses or simple silk styles, paired with accessories that speak to the period. Gentlemen will look splendid in lightweight suits, a dashing waistcoat, or suspenders, perhaps topped with a classic hat.
